GOVERNMENT WORK

SAM FARR

A LEADER—TO MAKE GOVERNMENT WORK

FIGHTING FOR EDUCATION

“As I have in the past, I will continue to fight for the future of our children by ensuring a fully funded educational system.”

As a member of the Assembly Committee on Education, Sam led the fight for adequate funding for all school children. Schools in our area have become state pilot computer education programs, thanks to Sam’s hard work. Sam’s commitment to education has been recognized by endorsements from the California Teachers, Faculty, and School Employees Associations.

DEVELOPING ECONOMIC PROSPERITY

“I look ahead and see our potential for a successful future. We must break the bonds of conventional government thinking.”

Sam understands that we need to drastically change the way government interacts with business. Sam is a founding member of the Assembly Democratic Economic Prosperity Team (ADEPT), focusing on finding long-term solutions to California’s economic problems. Sam has also created the Central Coast Small Business Development Center; providing free advice for creating and sustaining a successful small business. And as a co-sponsor of “Project California,” Sam is determined to put people back to work developing and building environmentally sound products in our state.

PROTECTING OUR ENVIRONMENT

“It’s not just pretty scenery on the Monterey Bay, protecting our environment also means jobs.”

As residents of the most beautiful region of California, we know the importance of preserving our community. Sam fought against off-shore drilling to support the creation of the Monterey Bay National Marine Sanctuary. He has written the strictest liability law associated with oil spills. He has created a marine mammal rescue center on the Central Coast and, at no cost to the taxpayer, acquired 2,900 acres for the Soquel Demonstration State Forest. Because of his excellent record, Sam is endorsed by the Ventana Chapter of the Sierra Club and the California League of Conservation Voters.

SPEAKING OUT FOR THE PEOPLE HE SERVES

“I enjoy the challenge of representing so many different concerns and opinions and am proud to serve the people of the Central Coast.”

Sam is always accessible and available to assist with a personal or community problem and to listen to our ideas and opinions. Sam works with our schools, local government officials, community groups and individuals to make certain that state government serves our needs. Vote for Sam Farr on November 3rd to ensure that we have a representative who listens to our ideas and opinions and works hard on our behalf.
