This Map is brought to you for free and open access by the Land Distribution in Monterey and San Luis Obispo Counties After California Became a State at Digital Commons @ CSUMB. It has been accepted for inclusion in GLO Land Patent Maps in Salinas Valley Groundwater Basin by an authorized administrator of Digital Commons @ CSUMB. For more information, please contact digitalcommons@csumb.edu.
PUBLIC LAND SURVEY OF BLM
SPANISH AND MEXICAN GRANT PATENTS (1848)
SALINAS VALLEY AND VICINITY

Notes:
Patreon land descriptions were obtained from the Bureau of Land Management (BLM) and were mapped to BLM shapefiles of the US Public Land Survey (PLS) grid. In the case of Spanish & Mexican land grants, the polygon areas shown on this map are the Patent land areas (as shown in Plat maps), as delineated by a Spanish survey or the PLS underlies, or the early mapping of the region. No claims to accuracy or completeness are made by the BLM.

The BLM General Land Office record number is shown for each of the Spanish and Mexican Land Grants, which are also known as "Ranchos.
