# REPORT OF STATE BOARD OF EQUALIZATION.

To His Excellency HENRY T. GAGE, Governor:

SIR: In accordance with Section 3692 of the Political Code, the State Board of Equalization herewith submits the following report:

Schedules "A" show the amount of property upon which the State rate of taxation was based, and the rates for 1899, 1900, 1901, and 1902.

Schedules "B" show number of acres of land assessed as per Auditors' statements, and valuation of real estate and improvements.

Schedules "C" show value of property mortgaged, assessed value of mortgages, and percentage of mortgages to total value of real estate and improvements.

Schedules "D" show value of all property after equalization by the Board.

Schedules "E" show assessment and apportionment of railways.

Schedules "F" show apportionment of railways to counties.

Schedules "G" show assessment of personal property.

Schedules "H" give agricultural and horticultural statistics.

Schedule "I" shows assessment of telegraph and telephone lines, 1902.

Schedule "J" shows total assessed value of property, and rates of State taxation from 1850 to 1902, inclusive.

The Political Code provides that the Board of Equalization report to the Governor such further suggestions as it shall deem proper in addition to the tabulated valuation of property, and it has been customary for the Board, in making its report, to suggest what it considered needed reforms in the revenue laws, and necessary changes in the methods of assessment and collection of taxes; but the Board thinks it unnecessary to mention any particular change, as the Commission for the Revision of the Codes will probably take up the whole subject in detail when that portion of the Political Code is under consideration.

A. BROWN, Chairman.

R. H. BEAMER.

L. H. BROWN.

T. O. TOLAND.

E. P. COLGAN.

C. M. COGLAN, Clerk.
