Monterey County

Annual Crop Report

ALBERT W. CULVER
AGRICULTURAL COMMISSIONER

120 WILGART WAY
SALINAS, CALIFORNIA

MONTEREY COUNTY
DEPARTMENT OF AGRICULTURE
SALINAS, CALIFORNIA

1 9 6 7

To the State Director of Agriculture and
The Honorable Board of Supervisors of Monterey County

Section 2279 of the California Agricultural Code requires that the Agricultural Commissioner compile a report covering conditions, acreage, production and value of the agricultural products of his county.

The considerable overall increase in gross returns shown in this crop report is, to some degree, attributable to increased acreage and extremely fortunate markets. These increases were substantially offset by increased costs.

The prices are reported on an F.O.B. basis. Cost of production, harvesting, packing and other handling costs should be deducted to arrive at a true farm value. Where accurate figures are not obtainable, estimates based on information from the best available sources are used to compile this report.

I wish to express my appreciation to all who have furnished the information necessary to make this report possible.

Respectfully submitted,

Albert W. Culver
Agricultural Commissioner
