Jerry W. Fielder, Director
California Department of Agriculture

and

Honorable Board of Supervisors
County of Monterey

Gentlemen:

In compliance with the provisions of Section 2279 of the California Agricultural Code I am pleased to submit the Monterey County Agricultural Crop Report for the calendar year of 1971.

The values represented here are gross receipts received by the producers and do not take into account the costs of production, transportation or marketing. No attempt is made to reflect net income to the producer.

Total gross value for all Monterey County production for 1971 was \$258,056,210 which is an increase over 1970 of \$31,000,000. Most of this increase was reflected in the vegetable crops area, where demand and market conditions were favorable.

My thanks to the individuals and firms whose cooperation made this report possible, and to my staff, under the direction of Agricultural Inspector Don Rochester who coordinated and compiled this report.

Very truly yours,

Richard W. Nutter
Agricultural Commissioner
