My Identity

I am a student

I want to be a worker

I want to have a job

I want to be useful

I want to have stable housing

I am a student

I'm good at being a student

I've had a lot of practice with it

I don't know who I am beyond my student identity

I want to learn

I want to learn beyond the limits of the academic gates

I want to learn from my own experience

But I also like the safety net

I like having a schedule with rules and regulations

I like the structure

I like being a student

I will one day not be a student

When that day comes I will become something different

I will be an employee

I will be a roommate

I will be an active member of the community

I will be a writer

I will be an editor

I will be a part time worker

My identity will change

But my individuality will not

I will still be myself
