Decompression

Decompression, decompression
how do you decompress?
Do you mean literally
professor?
Should my bones turn to sand
and my skin cave in like
the growing pores on my nose?
Should I shrivel like a snail in ocean water or
do you mean mentally?
What would an MRI show when my
brain has become YouTube's
new version of slime,
marrow?
No that can't be. Professors
are much too literal for figurative language
right? Or does
bring in a final copy on Friday
really means J fucking K It's due
yesterday.
