ADDITIONAL DATA (See also back of sheet)

"Mission. . .founded. . .at a site one and one-half miles from the present church, which was begun in 1810. It is said to have been not only one of the largest but also one of the most picturesque and interesting of all the Missions." Work of restoration has been going on steadily since 1903. A yearly pageant is given in June to help create interest in this work. [Hoover]
