The collection is open to researchers. There are no access restrictions.

### Conditions Governing Use

California State University, Monterey Bay does not hold copyright to all materials in this collection. All requests for permission to publish or quote from manuscripts must be submitted in writing to the Archives Specialist. Permission for publication is given on behalf of Archives and Special Collections as the owner of the physical items and is not intended to include or imply permission of the copyright holder, which must also be obtained. Archives and Special Collections recognizes that it is incumbent upon the researcher to procure permission to publish information from this collection from the owner of copyright.

### Processing Information

In order to facilitate access, the collection was minimally processed. Most dates are approximate. Materials were reboxed in new folders and removed from binders. The original labeling (but not necessarily original order) of files and binders was maintained during rehousing. The materials were originally housed in boxes that were labeled with broad topical titles (e.g., academic programs and policies, faculty-related files, binders), and these groupings were used in part when organizing the materials into series. For ease of access, subject files have been arranged alphabetically. In some cases, the contents of individual files have been divided into a number of sub-files, based on content; many of the files contained unrelated or loosely related materials.

Collection processed by Robin Guthrie & Kaylynn Lockard, 2017.
